*A New Approach to Accuracy & Organization for Quilters*

### Modern Pin-Less Piecing

My goal is to take the fear out of the word precision and make Pin-Less Piecing easy and fun while helping people reach their piecing goals.

- Throughout our workshops you will discover Pin-Less Piecing Keys. These keys are invaluable in helping you gain accuracy in your piecing.
- You will be led step by step through the entire Pin-Less Piecing System, while making your own blocks using simple tools and techniques.

## Precision vs Perfection

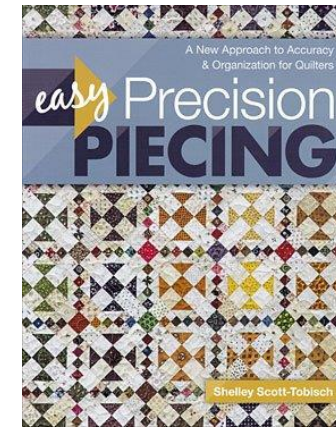

Perfection is found in sunsets and diamonds and is in the eye of the beholder. Precision is a measurement that can be repeated over and over with a great degree of success. Accuracy is attainable and measurable. Whether you're a stickler for precision or just trying to gain a little more accuracy you'll find success with Shelley's painless, Pin-Less Piecing methods.

### Pin-Less Piecing

Whether you enjoy working with modern or traditional fabrics, large, medium, small or mini patchwork pieces, Pin-Less Piecing makes every job easier and accuracy naturally occurs.

### Press as You Go - Pressing Pen

Pressing as you go is a key to successful piecing. Using the Easy Press Pen and Fabric Treatment seams lay flat so cutting strips and sub-cutting are much easier.

Cut, piece, and press—the Pin-Less Piecing way! Discover an exciting new method to cut and sew blocks for accurate patchwork. Use new tools to prep and press fabric for seams that match up and stay flat. Get accurate results when piecing and quilting, for quiltmakers of all styles and skill levels
